Fine Diamonds

We are the largest importers of diamonds in Chicago, securing the finest stones at the lowest prices, direct from the cutters in Amsterdam. We are stockholders in the principal South African diamond mines, so that we receive the most reliable advance market information. You can see the stock certificates on display at our store. No matter what price you wish to pay, you can secure the utmost diamond value at our store.

Handwrought Silver

In our own shop we design and execute the most charming articles of hand-wrought silver. Each piece is beaten out entirely by hand from a flat sheet of sterling silver, the designs all being our own, which is one reason why Lebolt's hammered silver is so distinctive. The advantage in dealing direct with the maker becomes apparent as soon as you compare quality and prices. The price range is from \$2 up into the hundreds.

It will be necessary to bond all horses, cattle, sheep, swine, or any other animal, article or commodity.

Parties who accompany their consignment will find the Government Customs officials courteous and accommodating, and by extending to them the same fair treatment consignors will have no very great difficulty in personally supervising the passage of their exhibits through the customs at the frontier. Railway companies have also special customs agents at ports of entry, who cheerfully assist shippers. Consignments may be shipped to the "custom agent" (of the railway transporting exhibit) at the port shipment is destined to enter the United States. which agent will attend to entering the same as shipper's broker. The names of such agents, terms, etc., will be furnished by local railway agents.

Live stock exhibitors desiring to dispose of their exhibits in the United States are advised that the customs law does not allow entries to be made for breeding purposes unless accompanied by duly authenticated consular invoice; certificates of identification, signed and sworn to by the importer, the certified pedigree of the animal, and certificate of registry of the same in the book of record recognized for that breed; and not then, unless it is clearly proved that the special purpose for which they are being imported is for breeding. (This will apply to all animals above named.)

The following is an extract taken from Circular No. 10, Division of Customs, United States Treasury Department, under date of Washington, D. C., January 22, 1892:

"It having been ascertained that registers have been established for the sole object of making cross-bred and mongrel animals eligible for free entry into the United States, and as paragraph 482 of the Act of October 1, 1890, provides that no animal shall be admitted free unless pure bred of a recognized breed, the object of the law being, in the opinion of the Department, and the Department of Agriculture, to exclude from free entry animals not absolutely and strictly pure bred, it is hereby directed that on and after April 1, 1892, no animal which is brought into the United States from foreign countries for breeding purposes shall be admitted free of duty, unless the importer furnishes a certificate which shall contain a pedigree in the form hereafter given, showing that all the ancestors have been recorded in a book of record established for that breed, for five generations on the side of the sire and four on the side of the dam, together with an affidavit of the owner, agent or importer that such animal is the identical animal described in said certificate of record and pedigree.

Unless such certificate of pedigree is produced, therefore, the animal shall be considered dutiable, as not being pure bred of a recognized breed and duly registered in the book of record established for that breed.

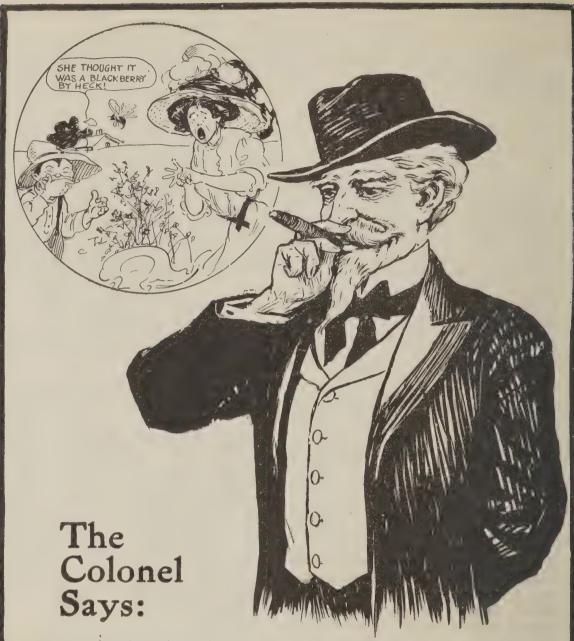

"In case such certificates are not at hand at the time of the arrival of the animals, and other evidence is produced, satisfactory to the Collector, showing that the animals are entitled to free entry, the Collector may so admit them, taking a bond in double the value of the animals for the protection of the proper certificates.

"The law requires that all cattle, hogs and sheep imported into the United States shall be carefully inspected by the Veterinary Inspector of the Bureau of Animal Husbandry; and animals found to be free from disease and not to have been exposed to contagious disease, will be admitted into the United States on complying with the other customs regulations."

Any further information that is required will be furnished by Customs Broker.

All charges for customs and brokerage must be borne by the exhibitor.

Rule 5. All applications for entries must be made out on printed forms and in accordance with instructions on same, giving class, number, age, record number, and all other necessary information. These forms, after being signed by the exhibitor, are to be filed in the office of the Secretary of the Exposition on or before November 1. This applies to all entries except carloads, which must be entered on or before November 23, and "short-fed specials," for which application for entry must be made prior to August 15. In all cases the right is reserved to reject entirely or accept conditionally any entry for application.

Rule 6. Entries free, but in all cases animals are subject to the stall

cation for entry.

Rule 7. To be eligible for competition, whether singly or in groups, animals must be the bona fide property of exhibitors, and all animals entered for competition, except where otherwise specified, must be owned by exhibitor at the time of making entry, except the animals in carload lots (see rules governing carload entries), and registry certificates of ownership or transfer must be produced, if required, showing the exhibitor to be the owner. In the classes of "Get of Sire" and "Produce of Dam" ownership shall not be required. Animals to compose a competitive group need not be named in application for entry, but must be selected by exhibitor.

Firms and co-partnerships entering animals for competition Rule 8. must be in existence at the time of making entry, and in all cases must be bona fide, and affidavits of the age of firms may be required by the

management.

Rule 9. An animal can compete in more than one class, and for any and every purse in sweepstake groups or specials to which they are eligible under the classification. The rules are so arranged as to enable every exhibitor to easily determine to which classes his exhibits are eligible.

Rule 10. All entries will be inserted in the annual catalogue, and exhibitors on their arrival at the Exposition will receive, on application to their respective association secretaries, tags with duplicate numbers to correspond with the catalogue number, which must be fastened in the most conspicuous part of the stalls, pens or place where exhibit is shown.

If it is desired, the exhibitor may state in the entry the price for which he will sell his animal. This price shall be inserted in the catalogue, but all sales will be between the owner, or his representa-tive, and the purchaser. The Exposition will not interfere or assume any responsibility.

eted and ready for competition by 9 a. m. Monday of the Exposition. They are likewise required to attend to their articles or animals while on exhibition, and answer such questions as the judges may deem essen-

tial to a correct estimate of their relative value.

All articles and animals for exhibition, except car lots of fat stock (see Special Rule), must be in their places, with all rubbish and waste cleared away, at 9 a. m. of the opening day of the Exposition, and entered in the name of the real owner, to remain on the grounds to the close of the Exposition. Any violation of this rule will cause a forfeiture of all premiums earned by the exhibitors.

Rule 16. Exhibitors are prohibited from using blankets or covers on their stock between the hours of 7 and 11 each day of the Exposition, ex-

cept in the carload lots, where the hours will be from 9 to 4.

Rule 17. Exhibitors of live stock are requested to decorate their quarters as tastily as possible, and must keep that part of the building occupied by them neat and attractive in appearance. This will not only be to the general advantage of the Exposition, but will prove a strong factor in impressing each individual exhibit upon the minds of the visitors and buyers.

Rule 18. No attendant or other person leading animals will be al-

lowed to enter arena unless properly uniformed.

Rule 19. A great educational feature of this Exposition is its evening shows and parades of approved live stock by breeds and ages. Notice of time and places of parades will be announced by bulletins and stewards. Exhibitors refusing for any cause not meeting with the approval of the management to lead out their animals for parade or for competition in the show ring when called by the stewards in charge, will not only forfeit all prizes previously won, but be debarred from further participation in the Show and required to remove their stock from the show grounds within six hours after such refusal. The Executive Committee may further impose such additional penalty as in its judgment the case deserves.

No person other than those holding animals being ex-Rule 20. hibited will be allowed in the show ring during the time of judging, except the Superintendent of the division, the Judge and officially accredited reporters. This rule will be rigidly enforced.

Rule 21. No animal shall be considered by Awarding Committee whose attendant is not wearing tag during competition. This tag will

show the number, age and official weight of competing animal.

An exhibitor wishing to remove an exhibit for the night must apply to the General Superintendent; and, if there appears to be good reason for the removal, it may be effected by leaving a suitable deposit and receiving an official pass, the time of leaving and that of returning to be inserted thereon; and, if the exhibit be not duly returned, the deposit will be forfeited to the Exposition.

Rule 23. Exhibitors will not be allowed to deliver animals or articles during the Exposition without special permission (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner, and only such signs and placards may be used as the General Superintendent shall approve and

Any false representation, interference or ungentlemanly Rule 24. conduct on the part of an exhibitor will be dealt with by the Executive

Committee according to the equities of the case.

Rule 25. All protests must be in writing, and accompanied by a deposit of \$20, which will be forfeited if protest is not sustained. Such protest must state plainly the cause of complaint, or appeal, and must be delivered to the General Superintendent within six hours after the occasion for such protest.

Rule 26. No appeal of, or appeal from an award based upon a statement that the Judge or Judges have overlooked an animal or article will be considered by the Executive Committee.

Rule 27. The primary object of this Exposition is to encourage the breeding and feeding of improved breeds of live stock for well-defined. practical purposes. Regard will be had to symmetry, size, form, action, constitution, vigor and general characteristics of the various breeds, with reasonable allowances for age, but due regard will also be paid to heads, and that graceful carriage, style and general refinement that denotes breed, character—points, which, while not weighing on the "scale," add value to animals when being sold for breeding purposes. And, in groups, encouragement will be given to uniformity of breed type.

Rule 28. The Exposition debars and will to the utmost of its power discourage and prohibit the exhibition of barren animals in the breeding

classes.

Rule 29. The Exposition reserves the right to discriminate against both excessive obesity, which cannot be a profitable condition for breeding animals, and excessive leanness, in which condition animals are unfit for exhibition.

Rule 30. For the purpose of determining the age of cattle shown in this exhibition, the official plates of mouths, shown in catalogue, will be considered as normal mouths. Where the mouths of animals exhibited in the cattle divisions do not conform to these plates, satisfactory evidence of the age of the animal must be produced by the exhibitor, and in case of protest in the breeding cattle division the same rule shall

apply.

Rule 31. The General Superintendent will appoint veterinary surgeons and such other assistants as may be necessary. The veterinary surgeon shall cause all animals to be examined before their admission to the grounds, as a safeguard against infectious or contagious diseases, and shall make inspection of the grounds, stables, stalls and pens and make report in writing to the General Superintendent of the condition in which said grounds, stables, stalls and pens are kept. In case of sickness of any animal the same shall be removed when ordered by the General Superintendent to a separate inclosure, where the exhibitor may either direct the treatment of the animal himself, or employ a veterinary surgeon appointed for that purpose, for whose services and other necessary expenses incurred a reasonable charge will be made by the Exposition. The right is reserved to the General Superintendent to order the peremptory removal from the grounds of any animal to which this rule applies.

JUDGES.

Judges are earnestly requested to familiarize themselves with all the rules and regulations of this Exposition, and to especially mark those rules bearing on the classes to be adjudicated by them. Ignorance of the rules is inexcusable in a Judge.

The single judge system is the policy of this Exposition. and, in every case, the judge is selected with the utmost care, and, as far

as possible, will be of national reputation.

Rule 33. The time at which the judges will pass upon the different classes is announced in the catalogue, and will be on bulletin boards conspicuously posted. Any exhibit not presented promptly on schedule time will be ruled out and debarred from competition in the class called.

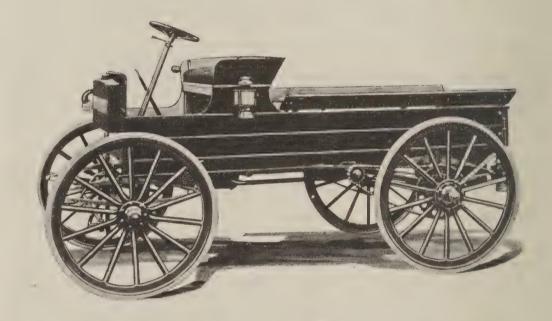

Rule 34. No animal will be awarded a prize unless removed from its stall or pen and exhibited with catalogue number attached before

the judge in the show ring.

Rule 35. Judges must not award a prize to an unworthy exhibit. It is the intention of the Exposition that no premium or distinction of any WHY ARE THERE MORE

kind shall be given any animal or article that is not deserving. Judges are also requested to discriminate against animals upon which a surgical operation has been performed to improve their "show" appearance. These rules must be strictly adhered to, whether there is competition or not.

Rule 36. Where there are fewer entries in class than number of premiums offered, judges may, in their discretion, award a prize or prizes

of such grade as the animal or article deserves.

Rule 37. Where there is no competition, the first prize, on merit, will be awarded. Where there is competition, all prizes may be awarded.

Rule 38. If any exhibitor in any way, whether in person or by agent or servants, interferes with the judges during their adjudication, or shows any disrespect to them, or the Exposition, the division superintendent shall, at his discretion, demand a proper apology from such exhibitor, or he may exclude him from competition and from the ring and may also withhold from such exhibitor any premiums that may have been awarded.

Rule 39. The decision of the Judges shall be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the ward, is proven. In such cases the General Superintendent, or such referee as he may appoint, may make decision, or, with his approval, the case may be appealed to the Executive Committee, from whose decision there can be no appeal.

Rule 40. Should any animal awarded a cash prize be disqualified the animals gaining the lower prizes shall graduate up into the higher positions next in order above them if in the opinion of the judge these animals are the same of the same o

PREMIUMS.

Rule 41. Premiums will be designated by ribbons: Blue, first; red, second; white, third; pink, fourth; yellow, fifth; green, sixth. Champion-ships, royal purple. Special ribbons or card will be given to "highly commended," "commended" and "reserve" animals and to owners of sires whose "gets" are winners of first prizes. To add to the value of awards all ribbons will be copyrighted.

Rule 42. Exhibitors will be allowed to display prize ribbons, medals, certificates of award, etc., at their own quarters during the entire Ex-

position, subject to the approval of the General Superintendent.

Rule 43. (a) Cash premiums are payable by bank check (except, at the request of the exhibitor, a cup, diploma or medal is granted in lieu of cash). (b) The Exposition bank check will be drawn by the treasurer upon presentation of transcript of premiums awarded, duly signed by the General Superintendent and indorsed as "correct" by exhibitor. (c) These checks in payment of premiums are payable "to order," and must be endorsed by those in whose favor they are drawn, and thereupon can be cashed by the treasurer or at any bank where endorser is identified. (d) "Transcripts of premiums awarded," which will constitute an "order" on the treasurer to pay the same, will be issued to exhibitors after 4 p. m. on the closing day of the Exposition. (e) Special premiums will be paid by those offering them, on an order from the General Superintendent. (f) All orders, cups, diplomas, medals and certificates will be delivered at the general office of the Exposition, or forwarded to the exhibitors, as they may direct, as soon after the close of the Exposition as they can be properly engrossed and engraved. (g) All premiums whatsoever not claimed by exhibitors before January 1 of the following year shall be deemed forfeited to the Exposition or donors.

Rule 45. Stall fees: \$3.00 for each animal when occupying single stall; \$5.00 when occupying box stall, which must accompany the application for entry.

Rule 46. The dates for computing ages of breeding cattle are fixed as September 1 for Senior classes, and January 1 for Junior classes.

Rule 47. A bull over one year old without a ring in its nose may be excluded from the Exposition, in the discretion of the General Superintendent.

Rule 48. Accompanying each entry of cows three years old or over in any of the breeding classes an affidavit is required at time entry is made giving date of birth of her last calf or the time she is due to calve, and such cows must have produced a living calf since September 1 of the year previous or show satisfactory evidence of being in calf. Where objection is made (and sustained by the Executive Committee) as to a cow's eligibility under this rule, any premium awarded to such cow shall be withheld until said cow shall have produced a calf on or before March 1, following Exposition.

Rule 49. Any bull over thirty-six months old entered in any of the breeding cattle classes, that has not had dropped to his services a living calf during the eight months preceding the opening day of the Exposition, shall be deemed barren, and as such shall be excluded from the competition. Certificates from the exhibitor, properly attested, will be required by the General Superintendent.

Rule 50. Judges are instructed to award prizes for breeding cattle in the different classes in the order in which they, as buyers for a valuable consideration and without any warranty of usefulness, would make selection therefrom for breeding purposes; due consideration being given, on the one hand, to the accepted maxim of breeding, that "like produces like," and on the other hand, to the doubtful utility for breeding purposes of over-fat animals, not considering color or pedigree.

SPECIAL PRIZES

FOR THE MAN BEHIND THE HERD.

Recognizing the superior skill, fine judgment and faithful devotion to duty on the part of the herdsmen in preparing the splendid specimens of animal excellence displayed annually at the International Live Stock Exposition, the management has decided to establish a series of competitive awards each year in the shape of solid gold and silver medals, to be worn as honorary distinctions by "the man behind the herd," in each of the six leading beef breeds of cattle.

The medals to be won comprise the following:

To the herdsman fitting the grand champion steer of the show, a gold medal.

To the herdsman fitting the grand champion carload of beef cattle, a

gold medal.

To the herdsman fitting, respectively, the senior champion bull of each of the six leading breeds of cattle, viz.: Shorthorn, Aberdeen-Angus, Hereford, Galloway, Red Polled and Polled Durham, a silver medal each,

thus making in all eight medals each year to be competed for.

• The conditions of these awards shall be (1) that the animal or animals winning the championships named shall have been under such continuous, immediate and personal charge or care of the herdsman for a period of at least six months preceding the opening day of the show that it may be fairly and truthfully said that the superior condition and success of such animal or animals in the ring were due to his efforts more than to any other cause or factor except breeding or pedigree; (2) that,

except for unavoidable sickness or other excusable absence, the animal or animals shall be led into the ring or exhibited to the judges by such herdsman, who shall truthfully answer all questions put to him by the judges as to the age, condition and care or methods of treatment given the animal or animals prepared for exhibition by him; (3) that should the grand champion steer or carload, or the respective champion bull, have been under the care of the exhibiting herdsman for a period of less than six months preceding the opening day of the show, then the appropriate medal shall be awarded to the herdsman who prepared and exhibited the reserve champion animal or animals, or the next in rank, as the case may be, in accordance with the above stated conditions.

The purpose of awarding this series of valuable and beautiful medals is to show appreciation on the part of the management of the large share of credit due herdsmen for the excellence of the yearly exhibits of cattle at the International, to offer added incentives and a further reward to these faithful men for the intelligent thought and painstaking care by which they have sought to improve the breeds to which they are devoted and to induce other herdsmen to strive for similar honors.

While it is not expected that these prizes will increase interest and

HERDSMEN'S AWARDS OF HONOR

The management of the International Live Stock Exposition desires to have visitors carry away the best possible impression of the exhibits, and recognizing that nothing adds more to the attractiveness of an exhibit than a neatly uniformed attendant, has decided to offer a series of prizes, as follows:

TO THE EMPLOYER OF THE MOST ATTRACTIVELY UNIFORMED ATTENDANT OR GROUP OF ATTENDANTS, SILVER

MEDAL.

GRAND PRIZE RIBBONS TO THE EMPLOYERS OF THE ATTENDANTS RANKING NEXT HIGHEST (SIX ADDITIONAL AWARDS).

TO THE MOST ATTRACTIVELY UNIFORMED ATTENDANT, SILVER MEDAL.

GRADED PRIZE RIBBONS TO THE SIX ATTENDANTS RANKING NEXT HIGHEST.

Conditions of these awards are as follows:

1st. That each attendant shall wear an official uniform consisting of trousers, coat, leggings and cap, made of government khaki.

2nd. That this uniform or a similar one shall be worn at all times during the week of the Exposition while the work of showing is in progress.

3rd. That all competing herdsmen assemble in the Arena, properly uniformed, before the judge, promptly at 11 a. m., on the closing day of the show.

4th. That no herdsman shall be eligible to compete for this or any other herdsman prizes, who has not supplied himself with and worn an official uniform.

STOP AT THE NEW STOCK YARD INN

Artistic exterior; interior beauty, convenience and safety, with comfort and cheer for the inner man,—these and a hearty welcome are extended to guests and visitors alike by the new Stock Yard Inn at Union Stock Yards, Chicago.

The Stock Yard Inn occupies the site of the historic and famous old Transit House which has been replaced by a unique, modern structure of such novel and striking design as to attract unusual attention and win the admiration of all who see it.

The new hotel rests on a solid concrete foundation, with reinforced concrete floors throughout and room partitions of fire proofing and tile. It is constructed of brick, concrete, steel and glass, and is absolutely fire proof.

The ground floor is given over almost entirely to office, billiard room, tap room, parlors, a dining room about 40 feet by 80 feet, with four smaller dining rooms and a Palm Room for banquets and conventions. The trim of the lower floor is in heavy weathered oak in keeping with the exterior of the structure.

Sleeping rooms to the number of 175 are provided. Each of the second floor rooms has a private bath and each room on the dormer floor is supplied with hot and cold water.

While in Chicago stop at the Stock Yard Inn, and avoid the long and tiresome ride to the down town district. Visitors are cordially invited.

FAT CATTLE DIVISION

(For stall fees see rule 46.)

Rule 51. Judges are instructed to prefer the highest degree of excellence obtainable, considering form, finish, quantity and quality of flesh and fat, also age and weight; to recognize the very highest quality of prime edible meat, and to object to the production of superfluous tallow; qualities that are indicated to the touch, to the end that animals that win prizes on foot shall ultimately be proved first quality of beef.

Rule 52. All compulsory slaughter tests have been abolished. Entries for slaughter test must be made prior to November 1.

Rule 53. Exhibitors will be required to furnish a statement of the feeds and methods of feeding employed by them in the production of their exhibits. Such statements shall be used for publication in newspapers and in the Exposition's Annual Report—or otherwise, as may in the discretion of the management be deemed best to promote the education of those interested. Blank forms of these statements will be supplied by the General Superintendent.

Note.—As there has been considerable rivalry between the exhibitor and purchaser for the possession of the first and championship ribbons, the management has decided to duplicate these throughout the fat cattle classification.

FREE-FOR-ALL JUDGING CONTEST.

In order to give all interested in live stock an opportunity to try their skill in connection with the judging of steers, it was decided to create a free-for-all Stock Judging Contest. The rules governing this contest are as follows:

1. An entry fee of one dollar will be charged and the total divided into four prizes, viz.: Forty per cent of the total sum to go to the first-prize winner, thirty to the second, twenty to the third and ten to the fourth.

2. The contestants are to pass on the animals entered for slaughter immediately before the regular judge passes upon them, and will be allowed fifteen minutes to make their placings, which latter must be put on a card, together with name and address of contestant, and turned over to the one in charge of contest.

3. The placings made by the regularly appointed judge of the steers entered for slaughter will decide this contest, and the money collected

will be divided as above stated immediately after the contest.

SLAUGHTER TESTS

Note.—Every available improved method will be used by the Exposition management to secure the humane slaughter of animals, and the best possible condition for the resulting dressed carcasses. To this end the facilities offered by some of the great packing house establishments will be used, and carcass prizes will be awarded in their cooling rooms.

Rule 57. Exhibitors of animals entered for slaughter and the dressed carcass competitions must, when requested, deliver said animals into the charge of the General Superintendent, who shall direct their care, food and shrinkage, in accordance with the requirements of the case. Interference on the part of the exhibitor with animals thus delivered will be summarily dealt with.

Rule 58. Judges of fat carcasses in competition are instructed to prefer the attractiveness of carcass, percentage of high class meat to total carcass, quantity and quality of flesh and fat. Judges of the dressed carcass classes (cattle, sheep and swine), are furthermore required to make their short leet of six carcasses first and then cut half of these six carcasses into market cuts before making a final decision.

Rule 59. Carcasses are not to be labeled as to percentage of dressed

weight, etc., until after they have been judged.

Note.—In order to further increase the educational value of the

Slaughter Test, the following classes provide for the judging of animals entered for slaughter, to be judged on hoof as well as in carcass; and any animal which is too unruly to be properly handled and examined may be barred from the competition by the judge.

ENTRY IN CARCASS CLASSES CONSTITUTE ELIGIBILITY FOR ENTRY IN THESE CLASSES.

SHORT-FED SPECIALS.

The International Live Stock Exposition, being desirous of determining and demonstrating the best and most economical method of feeding cattle, has created the following Classes, to be known as "Short-Fed Specials.'

Cattle to be eligible for entry must not have been fed grain for six months previous to the time application is made, but after that time the owner may feed the cattle such feeds, including grain, as in his judgment will accomplish the greatest results within the given feeding periodi. e., from the date of application is made for entry to the opening day of the Exposition.

The following rule governs this contest:

Rule 72. (a) Application for entry must be made between the 1st and 15th of August. (b) Cattle must be owned by exhibitor at the time application is made. (c) Cattle must not have been fed grain for six months prior to the time application is made; they may, however, have been run in stalk fields. (d) Eighteen cattle may be fitted, but only fifteen of this number can be shown as one carload. (e) Cattle must be weighed, 12 hours in dry lot off feed and water, on day application is made and a record must be kept of the weight of these animals. The cattle to be judged will again be weighed, under similar conditions, at 10 a.m., Saturday, Nov. 30th. (f) Sworn statement by the owner and two other reputable persons that cattle had not been fed grain for six months previous to time application for entry is made, also covering the weight of animals on date of application, must be sent to the General Superintendent of the Exposition with said application. (g) A record of the kind, weight and cost of feeds consumed during the feeding period must be kept by the owner, who will deliver this information, together with the weight of the animals at time of entry, to the Superintendent of the Carload cattle division, on the opening day of the Exposition. (Blanks for all of these purposes will be furnished on request to the General Superintendent.) (h) In judging these classes—

Quality and finish50	per	cent.

(In figuring "Economy of gain" the cost of feed at the point of feeding should be considered, using as a basis the neighborhood cost of corn plus the freight to Chicago.)

Prize Winning Machinery

Time after time have "Independent" Machines and implements carried away the blue ribbon or the prize cups. But their greatest prize winning is right in hard service in the field. They never fail to make good, because they are built right, by farmers for farmers.

Our Exhibit in RECORD BUILDING Offers Much of Value to Every Man

Silver Loving Cup awarded to The Independent Harvester Co., at the Fargo, North Dakota, Fair for the best display of Farm Machinery.

Come to our exhibit—examine every machine—look at every part—note its weight and strength—see how accurately every implement is assembled. And you will not question their value in giving full service on the farm.

Gas engines—binders—spreaders—plows—harrows—grain elevators—cultivators—listers—mowers—in fact you will find here just the machine you've been "going to buy." Ask about our special co-operative price saving plan.

You are Welcome

Even if you don't intend buying, we, as farmers, invite every farmer to make our section his headquarters during the show. Meet your friends here—get your mail here—for the

"Farmers Company" certainly wants every farmer to enjoy its hospitality.

Some time when you stop—ask some of us about our free trips to our great factories at Plano.

Increase Your Farm Profits

FARMER'S time is worth as much as that of any other business man. Machines which save his time—which enable him to do more work, better work, or more kinds of work, are profitable machines for him to own.

While you are in Chicago, see one or more of our three exhibits of such machines. In the Record Building at the Stock Show are IHC Manure Spreaders, Wagons, Corn Shellers, Feed Grinders, Cream Separators, Ensilage Cutters, Oil and Gas Engines.

At the Land Show in the Coliseum we exhibit Kerosene-Gasoline Tractors, Engines, Irrigation Systems, Motor Trucks, and some of the finest Motion Pictures of large farming operations.

At our Showrooms, 1814 Michigan Avenue, the full line is shown. Courteous attendants will give you their time at each place and will answer all your questions.

You will be cordially welcomed at either of our exhibits. For your own profit, come in and see us.
